The advent of eBooks and electronic publishing is changing not only the North American publishing industry but Europe as well. In Europe, many publishers are embracing the ePublishing industry as well as companies which have emerged to develop tools and web sites to develop and sell eBooks, not only in the European Union but in North America. In Asia, the electronic book industry is fueled by two industries: manufacturers who are developing hardware devices to read eBooks and content providers wh ...

Paradigm-shifting landmark buildings are cherished by their occupants and remembered because they reshape our expectations of schools, homes, or offices. Classic examples include Thomas Jefferson's communal design of the "academical village" at the University of Virginia where faculty and students lived close to classrooms, Frank Lloyd Wright's organic harmony with nature in Fallingwater (in western Pennsylvania) where the waterfall sounds and leafy surroundings offered a stress ...

The aim of a metering system is the accurate measure of the number of accesses to a Web page in order to have feedback on the effectiveness of the advertising on the net. At the present, there are no standard means to measure the exposure of Web pages as well as the impact of online advertising campaigns. Indeed "traditional" metering techniques are afflicted by hit inflation and hit shaving attacks. In this paper we propose a framework to accurately count the number of visits to a Web site rely ...
